"Pedagogical Resources." *JADMAG Issue 4.2 - What is Political Economy?* (2016).

OTHER RESEARCH EXPERIENCE

Consultant 2022 - present
Massachusetts Teachers Association (MTA)

- Compared trends in unionized higher education worker pay in Massachusetts relative to private sector workers using a variety of datasets
- Composed analyses for use in union bargaining with the state of Massachusetts

Research Assistant 2019 - present
Political Economy Research Institute (PERI)

- Worked on a wide range of projects with PERI faculty on topics related to climate change, labor market policy, unions, and development aid
- Developed empirical methods, conducted data analysis, composed literature reviews, and contributed writing for published manuscripts

Research Assistant 2017 - 2018
SageFox Consulting Group, Amherst, MA

- Managed and analyzed large datasets to evaluate NSF, NIH and other grant funded educational programs, especially those focused on promoting underrepresented minority participation in STEM fields
- Prepared reports describing results of analysis

Data Science Assistant 2018
VentureWell, Hadley, MA

- Utilized R to manage and clean survey data from the NSF-sponsored I-Corps program
- Facilitated the migration of new and archived data to the Salesforce Cloud CRM

Research Fellow 2016 - 2017

Hampshire Learning Project, Hampshire College, Amherst, MA

- Conducted qualitative and quantitative data analysis utilizing several databases to evaluate the effectiveness of the Hampshire College curriculum
- Presented results to faculty and staff to advise institutional policy

TEACHING EXPERIENCE

Teaching Assistant 2016 - present

University of Massachusetts and Hampshire College, Amherst, MA

- Prepared lessons, gave lectures, and graded student assignments
- Taught material from the following courses: Money and Banking, Introduction to Macroeconomics, Introduction to Microeconomics, Economic Development, and Political Economy of the Middle East

Mathematics Tutor 2015 - 2017

Quantitative Resource Center, School of Natural Sciences, Hampshire College, Amherst, MA

- Provided homework help for students engaged in quantitative work
- Tutored students in introductory and intermediate college-level math, especially in calculus and statistics

SKILLS

Econometrics and Data Analysis

- Experience with a variety of econometric techniques with a specialty in causal methods such as difference-in-differences, instrumental variables, regression discontinuity, and others
- Skilled in gathering, cleaning, and managing data to prepare for analyses

Software and Programming

- Experience with R, Stata, Python, Microsoft Office Suite, LaTeX, Git, and other software

Writing and Communication

- Ability to compose extended essays and reports
- Experience giving presentations on research

GRADUATE CORUSEWORK

- Introduction to Economic History
- History of Capitalist Development in Europe and the World Economy
- Math Methods for Economics
- Economic Development
- Political Economy of Race and Gender
- Microeconomic Theory I
- Game Theory
- Macroeconomic Theory I
- Macroeconomic Theory II
- Macroeconomic Theory III
- Open Economy Macroeconomics
- International Finance
- Labor Economics
- Gender, Sexuality, Work, and Pay
- Labor Market Structure, Wage Setting, and Institutions
- Economics of Identity, Discrimination, and Immigration
- Introduction to Numerical Computing
- Econometric Methods
- Advanced Econometrics
- Applied Econometrics
- Applied Time Series Econometrics
- Empirical Methods for Labor Economics
- Behavioral Foundations for Development and the Environment

FELLOWSHIPS, GRANTS AND AWARDS

University of Massachusetts, Amherst Summer Doctoral Fellowship, 2019 - present

Lester Mazon Honorific Grant, 2016

Global Migrations Grant, 2016

Community Partners for Social Change Social Justice Scholar Grant, 2016

INTERESTS

Labor Economics; Economics of Race and Gender; Health Economics; Economic Development
